Background Story

A young and adventurous Minot
engaged in a brutal and near life-
ending battle with the clerics of
Hamuun [Any deity, really] in defen
of his prized possession - a holy reli
the Minotaur had uncovered from c
fissures. The clerics had traveled a
great distance in search of the relic
and most certainly were not going t
forego finding it in the caves as the
had performed extensive research t
locate it. They did not expect a
guardian minotaur. The
missionaries did not wish to slay the
beast as they discovered it had bee
charmed to guard the relic. In the
battle, the Minotaur was clubbed ha
to the skull in an attempt to subdue
them. The Minotaur lost consciousn
and the clerics uncovered the relic a
returned it, along with the Minotaur
their temple district. The
Minotaur came to consciousness in
presence of one of the healing
priestesses of the Order - a beautifu
gnomish woman. "You
heal in time," she said gently. T
Minotaur was overwhelmed with he
beauty and overwhelmed with her
gentle touch. The charm spell coupl
with serious head trauma loosened
Minotaur from his memories and se
of identity. They internalized their
caretaker and formed a new versior
themself in their head - that of a
helpful gnome. Once fully
recovered, and properly guided to a
identifiable name, Roly, by their
caretaker, they made their way abo
town looking to help others. The loc
innkeeper sympathized with Roly ar
offered them the position of Porter f
the Inn. Roly's incredible service
gained notoriety and local merchan
and guilds began to enlist their
services.
