Special Equipment

- { "Gloves of Fast Draw - can teleport any item on your person to your hand. Attunement may be necessary. Grip the items you want to fast draw. Hold them the way you want them to appear in your hand and say the command word 'remember'. Any time after an item has been attuned it can be reflexively teleported to your hand. Note"=>"The item must be on your person for this to work." }
- Contraband Concealment Container - When this item is created the creator selects a material (spice, coin or any other mundane material) and a command word. The container has a seemingly endless source of whatever mundane object is selected, though it deteriorates from existence within a day of being removed from the container. When the command word is spoken and the container is opened, it reveals completely different contents. Stored in an extraplanar space, the container may store any amount that would make sense for the size of the container, and then by shutting the container, the bag will store the contents away until the command word is spoken again.

Combat Tactics

Glem is quite courageous, but not foolhardy. He knows his limits. He will use his psionics to disorient opponents in order to calm a situation or make space to flee. If pressed, he will try negotiating before combat.
