Background Story

Grien has survived and witnessed many wars, local and national, in her 700 odd years. Over this time, she's grown tired of seeking wealth and those who subscribe to such a lifestyle. She's also abandoned religion and the Gods around which that institution has been fashioned, often jokingly dismissing them as nothing other than hallucinations of madmen in search of power

Over her many years she has gathered near perfect skills as an herbalist, practicing doctor, and distiller of fine salves, ointments, and potions. She is rarely without the support and oversight of her three assistants: Yemen, a young half-orc woman ostracized by her tribe who reveres Grien's wisdom and abilities; Tsk, an aging Kenku who has sworn his life to Grien for the healing she provided him when he suffered from a major medical condition; and Miles, a warforged veteran of the militia who fled the military of the nearby region and found peace and solace in Grien's teachings and in service to her and her shop.

Grien sells medicinal goods, potions, chemicals, and provisions of all sorts.
