Introduction

Glottys loves to spread word of the quality of her honey products. She keeps busy throughout the market place selling her edible honeys in the forms of jarred honeys, jellies, crystals, and so forth, partnering with bakers, chefs, and candymakers. Glotys is seeking rare flowers to plant within her aviary range to produce even more formidable honeys.

Appearance

Relatively lean and gaunt for a dwarf; tangled black curls and chin beard; wears firm leather beekeeping uniforms at nearly all times; bright green eyes; Always wears fresh flowers in her hair

Expressions

"Can't make honey without getting stung!"; "My money is on the little things that make the world what it is. Bugs, crawlies, moss, and pebbles"; "Keep me outta the loop. I got tons to do already!"; "Bugs are far more organized than most peoples";

Mannerisms

Often scratching herself or applying ointments to bee stings. When she smiles or laughs, which is often, Glotys covers her mouth childishly.

Glottys and her family were born by a Dwarf village in the great Empire of the Dwarves. They were known for their generosity and the rest of the world forged gold and precious peoples' wealth and power within the appeal to nature and blooming. How the bees reject life that is ground.

Her parents were so poor she learned more about her situation by working and dedicating more of her time to the community. She was able to help the community by tiny pollination on them. In a moment of time, she began to provide greater value to these components of the ecosystem.
