BACKGROUND  
STORY

Praxius came into the world bred to be a champion, like his father and grandfather. And for a time, he was. Though age began to show its mark and he found he just couldnt adventure like he used to. He wandered for a while after trying to find a new purpose, until he came across an abandoned bar within the city. He remembered his earlier days of how sometimes he just wanted to stop at a bar that didn't have constant fights or underworld presence at every turn. | He spent the last of the gold he had repairing it and establishing contracts. Through the deals he made (and broke) he slowly learnt the tools of the trade of haggling, and now Praxxys is a thriving bar in the city. Though Praxius does lament a desire to adventure again, especially after seeing Lucia grow up into a fine businesswoman herself.
