BACKGROUND STORY

The bustling multi-racial city of Everskaard [Any major multi-racial city] is famous for it's innovative mercantile classes and its capacities for importing and exporting goods of all kinds from throughout the region. The craftspeople of Everskaard never relent to traditional ways of fashioning goods and instead inspire one another, with their fervent work ethics and near constant invention, to recreate the ways that things get made. Rainbow is an exemplar of these ideals.

While their lineage is that of smiths, Rainbow abandoned metals and forges in favor of finding ways in which to weave together hides and woods to be just as sturdy and effective as irons and steels. She operates as a very unorthodox 'Smithy', heating woods and hides in her alternate style forge to bend and shape and harden them into innovative, light, and durable armors and weapons.
