Background Story

The art of storytelling is lost on some. Lovecarp however does not belong to that poor group. Renown throughout the realms for his talents at weaving together fables of grand design, his name is forever tied to tales begun in taverns that travel mouth to mouth across vast distances. Some have heard that Lovecarp is the lineage of royalty while others have spun tales of their own about his humble beginnings. His regal garb dirtied from travels confuses people. This is perhaps his goal. Nobody but Lovecarp himself truly knows. Traveling town to town crafting new stories and refining old, he gleefully shares his narrations with every listener with very little resistance. At the first hint of his gripping voice, most of those in the vicinity grab a tankard and sit down for one of the best stories they will hear for miles and miles. Well aware that racial tensions not only fuel wars but also economic splendour, Lovecarp's stories almost exclusively revolve around if not at the very least include complex layers of peoples' fears of those who are not like them - the 'Other'.
