BACKGROUND STORY

<p>The bustling multi-racial city of Everskaard [Any major multi-racial city is famous for it's innovative mercantile classes and its capacities for import and exporting goods of all kinds from throughout the region. The craftspeople of Everskaard never reverts to traditional ways of fashioning goods and instead inspire one another, with their fervent work ethics and near constant invention, to recreate the ways that things get made. Rainbow is an exemplar of these ideals.</p><p>While their lineage is that of blacksmiths, Rainbow abandoned metals and forges in favor of finding ways in which to weave together hides and woods to be just as sturdy and effective as irons and steels. She operates as a very unorthodox 'Smithy', heating woods and hides in an alternate style forge to bend and shape and harden them into innovative, light and durable armors and weapons.</p>
