BACKGROUND STORY

Praxius came into the world
to be a champion, like his father
and grandfather. And for a time
he was. Though age began to
show its mark and he found he
just couldn't adventure like he
used to. He wandered for a while
after trying to find a new purpose
until he came across an
abandoned bar within the city
remembered his earlier days and
how sometimes he just wanted to
stop at a bar that didn't have
constant fights or underworld
presence at every turn. | He spent
the last of the gold he had
repairing it and establishing
contracts. Through the deals
made (and broke) he slowly learned
the tools of the trade of haggling
and now Praxxys is a thriving
in the city. Though Praxius does
lament a desire to adventure
again, especially after seeing
Lucia grow up into a fine
businesswoman herself.
