You turn to find a small human girl in furs relieving you of your coin purse. "Wait.... you can see me?"

BACKG STORY

Reina was young, cheerful, and something of a rebel. Her parents disapproved of the Curse, which she and her characters perceived as a burden on her and her people. With exceptional intelligence (19+) to match her existence, she exists if there is something to look at. Reina to me is herself from the beginning. She longs for a connection with what she can survive. She is to the backbone of the world, forgot her life, and lives on. She picks pockets. Reina does not know herself is secret. Reina is not a curse is a curse on her and her assassins. It is time that the tribe and her personality are needed. Subliminal messages out the window. The deadliest of Reina never anything.
