The image shows a vertical page from a book. At the top, there's a large black rectangular area containing the text "2500 x 323" in white. Below this text are two white arrows: one pointing left and right, and another pointing up and down, indicating dimensions. Below the black area, the name "Image Dunder" is written in a large, elegant serif font. Further down, the word "ROLEPLAYING" appears in a bold, purple, sans-serif font. Underneath this title, there are seven sections, each with a bold heading followed by a paragraph of text:

- Introduction**: With a whinny, the massive, armored horse rears up on its hind legs and smashes through the barred door.
- Appearance**: A massive white warhorse in full horse plate armor
- Expressions**: *Whatever you say Boss, Unlike you, I'm getting hungry Boss, What are you stupid?.... I mean...Neigh!*
- Mannerisms**: He's a horse
- Motivations**: exterminating the undead and protecting his master
- Passions**: Carrots
- Secrets**: he's a very intelligent talking horse

The background of the lower half of the page is a light beige color with a faint, repeating pattern of stylized horse heads.
