BACKGROUND STORY

Llewellyn is a very old
man, even by elf
standards. He's spent
much of his life travelling
around the realms
collecting books and
studying lore. As he grew
too old for the life of an
adventurer, he settled in
the city and opened a
store to display and pass
on his huge collection.

He is always
interested in bringing in
new lore and historical
volumes, and can become
distracted and talk at
lengths about history, lore
and arcana. To him,
knowledge is it's own
reward.

During his travels he
has collected a number of
magical tombs and scrolls
which he keeps under lock
and key at the shop. A
player would have to
heavily impress him to sell
one of them though, and
even then, they would be
very expensive.
