BACKG STORY

Hercule's Curiosity Shop is a small, cluttered room with several shelves filled with various magical items, including potions, scrolls, and trinkets. Hercule, the owner, is a tall, thin man with a widow's peak and a curly mustache. He is dressed in a fine tailored suit with tales and a top hat. He has a friendly but slightly mysterious demeanor, often speaking in a soft, measured tone. He is known for his extensive knowledge of magic and his ability to find just what you need, no matter how obscure or unusual the request. His shop is a popular destination for adventurers and scholars alike, and he has a reputation for being a reliable source of magical information and supplies.

Most of the items in his shop are of his own making, and he has a deep understanding of the magical properties of many of the items he sells. He is also known for his ability to create custom-made magical items for his customers, often at a premium price. His shop is a place where magic is not just a tool, but a way of life. He believes in the power of magic to change the world, and he is always looking for new ways to use his knowledge to help others. His shop is a place where magic is alive and well, and it is a place where you can find just what you need to make your journey a little easier, or a little more interesting.
