## BACKGROUND STORY

<p> The jungle trading port of Amb  
Maala [Any Mixed Race Trading por

most of the races of the realms and  
alongside this, most of the arcane  
magicks and knowledges one woul  
expect from a diverse population. T  
vibrant locale held within its confine  
collection of written lore that is well  
known even beyond the region.  
Keepers of this knowledge are reve

fateful afternoon the library of Amb  
Maala was invaded by a small group  
elite Drow Soldiers and their  
commander, a powerful  
evocation/transmutation mage of th  
Underdark seeking greater knowled  
of the arcane that were contained  
within the library. Wesley was far fr  
a warrior of any sorts but knew that  
the wrong hands these knowledges  
would prove destructive for his horr  
town and beyond. Valiantly defendi  
the library, Wesley was mortally  
wounded. During what he believed  
were his final breaths he confidently  
cursed the Drow and their leader.</  
<p><i>"Foolish furbag,"</i>the Drow  
mage condesdendingly muttered  
unimpressed. <i>"There is clearly  
nothing you can do to stop us. Migh  
well be a monkey following the filth  
jungle peoples you hold so dear."  
</i>The mage uttered some mystic  
incantation in Drow and traced sigil  
the air, transforming Wesley into an  
Orangutan. The invaders then  
proceeded to ignite the shelves of  
books in the library before fleeing  
through a teleportation portal.</p>  
<p>The local guard attended the b

Wesley had already pulled himself f  
the blaze. Ashamed to ever show  
himself to anyone in his home town  
slowly retreated into the jungle. For

Elven Druids he knew inhabited the surrounding jungles. Eventually found by these kinds souls, Wesley was no longer able to communicate besides pointing to himself and shouting, 'O'. When the Druids found him reading through their tomes during his recovery, they recognized that this 'monkey' was beyond ordinary. They chose to transport him to the High Elven City of Emnius [A Major Elven City] to study. The Elves of Emnius were able to determine that Ook was a victim of magicks but the polymorph spell was of unknown origin to them and they weren't able to trace the magic to uncover his original form. They quickly came to see Ook's ability to categorize and organize tomes of knowledge and appointed him as assistant to their keeper of archives and knowledge. Ook has since become renowned throughout the surrounding regions.
