Background Story

Eugene Vardkelmp was found as a very young boy, abandoned and wandering in the mountains. He was taken in and adopted by Oswald Varfklemp. As he's grown Oswald has begun teaching him the ways of an artificer. Eugene has also taken a strong interest in medicine and healing and has taken up the studies of a Life Domain Cleric to further his interests.

In order to learn more about his chosen paths, he splits his time between studying artifice with his adopted father and biology with Ulther Hapwath and Thadeus Periwinkle.
