Special Abilities

- Second wind. (1/short rest). a bonus action, king leon regains 1d10+20 Hitpoints. Indomitable. (3/long rest). When the King fails a saving throw, he can choose to reroll it. He must take the higher result. | Action surge. (2/day). King leon takes an additional action on his turn | Battlemaster superiority. King Leon has superiority dice, which for simplicity, they are d8s added to the attacks damage already.

Special Equipment

- The king's blade, an heirloom passed from king to king. It is a +3 greatsword (technically whoever wields this blade is the king).
- He wears +2 mithril plate underneath his clothes.

Combat Tactics

King leon is merciful on the battlefield, choosing to rather incapacitate and imprison his humanoid enemies, rather than killing them. However, when encountering enemies who the king doesn't consider people, he is merciless and a killer.

Background Story

Personality

King Leon started out as a low-born soldier, however he quickly rose the ranks with his natural talent and strength. He became known his reputation as a powerful leader who commanded respect. After a while spent at this high position the military, he completed a truly amazing feat of martial prowess. He became known for this deed throughout the land, and eventually word reached the king at the time who had no heir to pass the crown to, so named Leon as his successor.
