PERSONALITY

creating fine clothes, textiles, and foods with Hill Dwarf expertise and construction.

Not only this alliance produced goods of wondrous value to the region but also unique individuals with a new mix of talents that the Realms had not yet seen. The mixing of minds had generated a large population of peoples with psionic abilities. Growing up in this culturally rich and diverse environment, Glem's psionics grew quickly, as did his recognition of the evolution of personal identity as an avenue for personal gain. He was able to seep into peoples' minds and persona identities and quickly gather the worth of identity to each individual to each merchant, to the Bureau and beyond.

He thought himself often, *if the Bureau of Population Control can mete out fees and fines for not having proper documents to prove who you are and what blood flows through your veins, then any of us can jump in that process and, say, sift off a few coins here and there. With the proper expertise, of course.*

And it wasn't long before he sought training from the local guild of Identity Traders; a faction dedicated to undermining the controls imposed by the Bureau. It was here that he perfected his skills at forgery, made connections within the community, and grew his notoriety as the 'go-to' for illegal documents required for trade, travel, and more.
