## ROLEPLAYING

### Introduction

Mamoon will be found near  
graveyards and crypts preparing to  
infiltrate them to sacrifice the bodies  
to her God(dess);

### Appearance

Deep, sunken silver eyes. Closely  
cropped white hair beneath a silver  
circlet. Lithe for a Duergar and almost  
sexy, if it weren't for her nearly  
demonic presence. Wears a necklace  
of petrified elf fingers.

### Expressions

"The forgotten Ones will rise again, by  
my hand"; "Shall you look into the  
abyss of the mouth of the Forgotten?"

### Mannerisms

Rubs the tips of her fingers together,  
almost as though preparing magic.  
Relatively inactive gesticulation  
explodes into wild swinging of arms  
and broad facial expressions, almost  
as though bi-polar or partly  
possessed.

### Motivations

To bring the pantheon of old Gods  
back to power. She seeks bodies of  
the dead to sacrifice to her pantheon

### Passions

Necromantic magicks. Any insect that  
tunnels. Tunneling. Spelunking.
