BACKGROUND STORY

<p>With nothing but selfish goals, Wureok joined the local guild of Magic Arts and, with his exceptional cunning and charisma, worked his way into an internship with the castellan at the time. Using his raw magicks and ability to influence others, he ousted the castellan by convincing the noble family they served that he was an imposter - a foreigner looking to undermine their power.</p> <p>Gaining the trust of the royals over decades and generations, Wureok has, at least on the surface, appeared to be an exemplary court official. He watches over the castle and surrounding villas with great attention detail; especially when it comes to collecting taxes and scutage.</p> <p>Wureok has organized a growing rebel faction among the peasants and townsfolk, using the pressures he himself applies to turn them against his benefactor, then twisting the stories of

uprisings in reports to his benefactor. I
thereby presents further reason for his
position, for the further exploitation of
the common-folk, and for the royal
family to further insulate themselves
from the outside world.</p>
