BACKGROUND STORY

<p>With nothing but selfish goals, Wurek the local guild of Magic Arts and, with his exceptional cunning and charisma, worked his way into an internship with the castellans. Using his raw magicks and ability to influence others, he ousted the castellans, convincing the noble family they served was an imposter - a foreigner looking to undermine their power.</p> <p>Gaining the trust of the royals over decades and generations, Wurek has, at least on the surface, appeared as an exemplary court official. He watched the castle and surrounding villas with great attention to detail; especially when it came to collecting taxes and scutage.</p><p>He has organized a growing rebel faction of peasants and townsfolk, using the pretense of himself applies to turn them against his benefactor, then twisting the stories of his actions in reports to his benefactor. He thereby provides further reason for his position, for the exploitation of the common-folk, and for his family to further insulate themselves from the outside world.</p>
