## BACKSTORY

Llewellyn Broadlore, a man, even before he became a wizard. He's spent his life travelling the world, collecting lore. As he grew older, he became more interested in the collection of magical toms and scrolls. He is always bringing in new historical volumes, becoming a collector of lengths about the arcane. To his own reward, it's own reward.

During his travels, he collected a number of magical toms and scrolls, which he keeps under the shop. At one point, he was heavily injured, and one of them was stolen. Then, they were expensive.
