ROLEPLAYING

Introduction

Mamoon will be found near
graveyards and crypts preparing to
infiltrate them to sacrifice the bodies
to her God(dess);

Appearance

Deep, sunken silver eyes. Closely
cropped white hair beneath a silver
circlet. Lithe for a Duergar and almo
sexy, if it weren't for her nearly
demonic presence. Wears a necklace
of petrified elf fingers.

Expressions

"The forgotten Ones will rise again, I
my hand"; "Shall you look into the
abyss of the mouth of the Forgotten?"

Mannerisms

Rubs the tips of her fingers together,
almost as though preparing magic.
Relatively inactive gesticulation
explodes into wild swinging of arms
and broad facial expressions, almost
as though bi-polar or partly
possessed.

Motivations

To bring the pantheon of old Gods
back to power. She seeks bodies of
the dead to sacrifice to her pantheon.

Passions

Necromantic magicks. Any insect tha
tunnels. Tunneling. Spelunking.
