Those who don't or won't fight are weak in his eyes. He doesn't trust magic users, he sees it as a crutch and believes that martial weapons are the only way to go. He's fairly easy to barter with for his services as hes more concerned with building his reputation as a fighter than he is with the money side of things. He's completely unconcerned with the moral side of his profession and will just as happily work with raiders raiding a village as he would fighting bad guys, as long as he gets to fight</div></div>	<div><div>PERSONALITY</div></div>
