PERSONALITY

The very glee and dedication that characterize the Gnomish race are exemplified in Cadon. His clan were always obsessed with tinkering and the creation of various gadgets for adventure utility, but Cadon took this to a new level when he established an inn, "the One Stop". Here he has conjoined his love for respite with his natural proclivity for tinkering. With numerous 'washers' and 'drylines', he offers guests a laundry service for a nominal fee. He has also created what he calls the 'barstop' for his common room. This complex of tubes and steel resembles a 'Hooka' and allows visitors to choose a particular beverage of their choice and have it poured for them. All they need is the receptacle, which are offered in stacks beside the 'barstop'. Cadon is currently working on something that will also clean his dishes and glassware. Consistently showing off his innovations he is also open to help and feedback on them from any ideas others might have for providing even better hospitable service to his guests.
