Runs one of the local provision houses, selling rations, foodstuffs, and most instrumental adventuring gear. Can also be found commiserating with local guard and militia making deals and offering bargains.

### Appearance

Well-built and finely dressed with well-kept shoulder length silver hair; sharp features that are very expressive; sallow and saddened eyes.

### Expressions

"Sure I make a good living. Puts food on the table. But I never bargained for this mundane life"; "I adventured the land, once! I was a great and well-known idol of the people!"; "Ever seen that Orc priestess from the Everstill Tribe. Melt my old bones. Gimme that rough and tumble love";

### Mannerisms

Relatively outspoken about her talents as a grocer and provisioner; Paces and paces if left alone as she adds up expenses and income in a small journal, softly talking to herself; When frustrated, counts backwards from 30 with her eyes closed and refuses to be interrupted;
