Amera is considerably older than she appears to be. Around 200 years old, though in appearance they are around 25. Urban sprawled them from their cliff-side home. As a result they took up a as a sailor allowing them to travel and be constantly on the move. They also regularly change ships

and crews as often as possible to prevent people from learning the truth about what they are. They usually serve as both a lookout and entertainment on the ships, they will also occasionally function as companion for the ships captain the mood takes them. If they need to, they can transform and escape from a situation underwater. They're main goal is their own continued survival as well as maintaining and perpetuating it's species
