You arrange a room with the innkeep. He whistles and a giant muscular minotaur strides to your bags. "Let me take these"

7'5" and 330lbs. Muscular to a fault. Deep red fur and white horns. Dark but kind eyes.

"You know my people tinker and create wonders, right?"; "No need to worry, Roly the Trolley will shoulder it!"

Total lack of spatial awareness, knocking over chairs, tables, etc. Literally a bull in a china shop.

To provide the best service possible as a porter at the Inn. He also transports goods between merchants.

Providing service and attempting to tinker with things to make them even better than before.

Although Roly identifies as a gnome. He is not a gnome.
