## BACK STORY

The son of a human ambassador and a High-Elves cleric, Corrora was an Elven diplomat. He saw it all as a chance to prove himself a man. Intelligent, brave, he excelled in the field and understood the local customs of the local people. He was the children's hero in his home; a legend in Baraithton.

As an adult, Corrora became extremely arrogant of himself. He was terrible, violent, a nightmare. At the point where he was previously a nobleman, he became sullen and sleep caused him to be irritable, causing him to snap at his tutors, and the feeling of being made the jester. The nightmares became more violent and more frequent. He became a nightmare. A skirmish with his brother, Yarith, led to bloodshed. Corrora blamed Yarith for what he came to realize was holding a shard of Yarith's blood. It and his body benefited from dropping the horror, Corrora by the Goddess (Goddess of knowledge) time. He could hand react as he cradled his head in his glowing light. They both breathed.

That night, Corrora had a dream: he was above his head. His eyes behind him, a hint of flicker followed by a rock in Yarith's hand.

This was the time some happened.
