BACKGROUND STORY

Raised by an abusive human adopted father, Hylinn developed numerable psychological complexes. Her self-esteem and normally natural capabilities as an elf were largely lost during this train-wreck of an upbringing. Abandoning her in a marketplace when she was barely into her teen years certainly didn't help with any of these damages.

In order to survive, she took up the first available opportunity to support herself - a role as boatswain on a questionable ship of ne'er-do-wells. Over the course of a number of voyages, she realized these 'sailors' were second-rate pirates who would plunder minor textile and fabric shipments or something of equally laughable financial gain. The crew were, surprisingly, abusive - especially with her - and her disorders compounded. Fatter and drunker, Hylinn returned to land-based civilization as a quarter of half the person she might have been. But not without the Captain of the crew plucking out her right eye as a prize and also a punishment for abandoning the ship. Taking up various custodial and service jobs wherever she could in order to survive, or, rather, subsist, Hylinn focused most of her frustrations into her love for a good drunk and fatty foods. Her numerous disorders, perhaps too many to count, helps haughty and self-centered patrons feel better about themselves and thus drives a decent amount of business to the barstools in the tavern at which she works - "the Dull Dragoon".
