BACKGROUND STORY

<p>The racial mixing between Elve: and Humans is no mystery. The two races, each believing themselves th noblest in the realms, inevitably set in the same regions and would inter marry. The DeFeywilde family are a example of how the nobles of each racial lineage sought to establish a peaceful and lasting bond through t creation of a mutually beneficial political and racial ideology that ser the best interests of both humans a elves.</p><p>Pyc has cultivated tl lineage and pursued the proliferatic peace throughout the realm. She ha been taught that nobility is not a birthright, but something establishe through action and self-presentation. Her clan would labor over textiles a fabrics to develop a standard of reg dress that they believed ought to be held by all members of the kingdom. She doesn't frown on those who are well-kempt, nor does she sympathiz. Rather, she genuinely empathizes v those who have resigned themselve to the 'less finer' things in life and advocates for the vital role that one self-presentation takes in daily activities and overall destiny.</p>
