PERSONALITY

A well-traveled adventurer, guide and line-slinger, Nahkirin knows the canyons and mountains of Zendikar like the back of her hand. Like most Zendikari who have lived through the Eldrazi war, she has been to hell and back and has the scars to prove it. Having lived so much and so many, she is reluctant to let anyone new into her life. Between her adventuring and the war, she has found many places that few have ever found their way through and marked the trails with her clan colors. She is an experienced guide and always happy to get out of Seagate into the wilderness, even if it means guiding strangers to their destination. Before the war, she was a follower of the goddess Kamsa and a member of her order, but the likeness of her goddess now bears too much of a resemblance to the Eldrazi Titan for her to have any faith left. She has abandoned her order but maintains the skills she has learned and has translated them into her daily life as a guide and adventurer.
