BACKGROUND
STORY

Orcish raids certainly aren't limited to Western Realms. As orcs expand their grip on the land through broad diasporas above and below ground, the far-east has experienced similar challenges. Plunder, pillage, bloodshed, and, unfortunately, rape, are all among the impact factors.

Reed is a product of these raids. Raised in a semi-noble house of militant samurai, Reed's natural abilities became apparent to his family and the samurai masters. He was a natural fit for their training and military crusades.

Over time, Reed's clan spread far and wide in their explorations and claims to various regions. His status has become that of a wanderer, because Reed is not a Ronin. He stands devout in his devotion to his family and their military objectives, acting as a diplomat, messenger, and trader of their fine goods.

Often receiving mass imports from home, he busies his days refining and sophisticating his market booth and managing his inventory to best provide an authentic experience of his culture.

Over time, Reed's clan spread far and wide in their explorations and claims to various regions. His status has become that of a wanderer. Make no mistake, however, because Reed is not a Ronin. He stands devout in his devotion to his family and their military objectives, acting as a diplomat, messenger, and trader of their fine goods.

Often receiving mass imports from his home, he busies his days refining and sophisticating his market booth and managing his inventory to best provide an authentic experience of his culture.
