BACKGROUND STORY

Like most of his kind Goronk finds hi
identity by proving his martial prow
Those who don't or won't fight are
weak in his eyes. He doesn't trust
magic users, he sees it as a crutch i
believes that martial weapons are t
only way to go. He's fairly easy to
barter with for his services as hes n
concerned with building his reputat
as a fighter than he is with the mon
side of things. He's completely
unconcerned with the moral side of
profession and will just as happily w
with raiders raiding a village as he
would fighting bad guys, as long as
gets to fight
