BACKGROUND STORY

<p>For more info on the Doctor Class see <https://www.gmbinder.com/share/L75getALqBBg>>GM Binder's Doctor Class</p>| <p>Life in the gnomish city of Aberash C always lively - filled with tinkerer products, wobbling about and wondrous inventions that would amaze even the most experienced tinker. The gnomes of this city have always been accepting of all other races and inter-racial marriage and offspring are not uncommon. Portius is a product of this accepting community and was raised in their meticulously productive and innovative cultural practices.</p><p>Known from their youth that they were not only a race person but also gender fluid, Portius embraced the powerful qualities of both masculinity and femininity. With close-cut cropped hair and a muscular, broad build, they seem to embody their graceful hands and attention to detail in their work, appearance, and environment. As they matured, they took on the best of each race. They chose to be a tinker, per se, at least not with 'inventions' but instead with the biology of peoples. They embraced the role of a doctor easily and quickly became a part of the community's go-to for anything that would not work. They also picked up on the talents of the local Dwarven community and learned the sophisticated methods of rectification - distilling and producing fine spirits. In addition, they brought with a sharp edge and attention to detail in their work, themselves well to barbering. Portius was seen as something of a pragmatic polymath, a wonderful outcome of the mixing of Gnomish and Dwarven genetics and culture.</p><p>Portius has since set out on their own to pursue a great good among the regions. She has settled in the city of Tyrwind [any large city] where they set up a sturdy shack on the outskirts of the market. Their small shop operates as an underclass clinic. Here she also distills and produces fine spirits for sale to taverns, inns, and the public. She has a brand called, "Moorehouse", made up of various rums and whiskeys.</p><p>Portius has since joined the regional Iridium Guild, which has a small population of members. They have also been a founding member of the Rectifiers' guild. Both to protect practitioners of a little-known and rarely practiced profession.<p>They seek to use their membership in these guilds to push them to dismantle - through strategically intellectual and political means - the mercantile churches. Because of these goals, Portius is currently a target of Morion DeFaye and his clerics. Although these mercantile abbots would not outright assassinate anyone, they keep close watch over her operations.</p> <p>Although Portius is gender fluid in their performance of gender, Portius' biological sex is female and her sexual preference oscillates frequently.</p>
