BACKGROUND

The racial mixing between Elves and Humans is no mystery. The two races, each believing themselves the noblest in the realms, inevitably settled in the same regions and would inter-marry. The DeFeywilde family are an example of how the nobles of each racial lineage sought to establish a peaceful and lasting bond through the creation of a mutually beneficial political and racial ideology that served the best interests of both humans and elves.

Pyc has cultivated this lineage and pursued the proliferation of peace throughout the realm. She has been taught that nobility is not a birthright, but something established through action and self-presentation. Her clan would labor over textiles and fabrics to develop a standard of regal dress that they believed ought to be held by all members of the kingdoms. She doesn't frown on those who aren't well-kempt, nor does she sympathize. Rather, she genuinely empathizes with those who have resigned themselves to the 'less finer' things in life and advocates for the vital role that one's self-presentation takes in daily activities and overall destiny.
