Introduction

ROLEPLAYING

Captain Wheeler will offer to sail a party to a distant land. He may be encountered during a slave trade or some other trade of foreign goods

Appearance

A tall and flambouyantly dressed golden Dragonborn. His shining gold scales are well kept and freckled with dark red umber. He carries a beautiful Doss Lute with flourishing vigor as if he wants all to see his prize posession.

Expressions

Ever been trapped in a storm at sea? Your personal problems disappear into the foam of the waves

Motivations

He isn't dismayed by slaving, per se, but instead hopes to 'refine' the trade by only including particular races or economic positions. Does he prefer dwarves? The
