BACKGROUND STORY

The art of storytell is lost on some. Lovect however does not belo to that poor group. Renown throughout th realms for his talents a weaving together fable grand design, his nam forever tied to tales be in taverns that travel mouth to mouth across vast distances.

Some nave neard that Lovecarp is the lineage of royalty while others have spun tales of their own about his humble beginnings. His regal garb dirtied from travels confuses people. This is perhaps his goal. Nobody but Lovecarp himself truly knows. Traveling town to town crafting new stories and refining old, he gleefully shares his narrations with every listener with very little resistance. At the first hint of his gripping voice, most of those in the vicinity grab a tankard and sit down for one of the best stories they will hear for miles and miles.
