# BACKGROUND STORY

Kraven is not infected. He is wh one would call a 'true' weretiger boi of the breed in the jungles of Khuile [Any isolated vilage of Weretigers]. upon a collection of river mouths draining into the sea, he and his bro were also skilled sea-men. His clan claim to be descendents of the origi weretigers and remain staunchly no in their dealings with others with the hopes of changing public opinion towards lycanthropes.Krav set forth on such an information campaign but was met with rebukes and violence. His lycanthropic form was incredibly dangerous in defence many violent altercations, many of which unfortunately resulted in murders.Kraven thus turn his hand to what was in his heart: sailing, artwork, shadows, magic, mystery, and music. Combining the passions, Kraven is one of the first a a artists in the region who

can offer magic tattoos - at a costly price.
