BACKGROUND

Trileah grew up in a somewhat traditional halfling family, except they lived in a clan who had imbricated themselves into broader civilization and, consequently, couldn't exactly follow those traditions as they normally might have. A family of artists and musicians might sound fun, but it was all the sound that She reflects on with contempt.

Trileah was born with a strange condition that impacted her body's finer functions: growing hair, sensory perception, etcetera. Her hair would grow in clumps and sometimes not at all. Her senses are not heightened but, rather, highly irritable. Particularly her ears. This didn't bode well in a noisy household and she grew a serious disdain for loud noises.
