the North, the Grimfang tribe, are known for being especially vicious. Lines of berserkers, polar bear cavalries, and powerful shamans have carved

bloody paths of devastation into the

Motivations

Seeks retribution for his

tragic life.

Noble in presence, Deonne is committed to a life governed by natural law and the order civilization brings to the masses. Although resentful of the factions responsible for the unethical treatment of his tribe, he recognizes that town and city officials must bring order for their people, and he believes

that religious factions are more capable of this than politicians and magistrates.
