BACKGROUND STORY

The bustling multi-racial city of Everskaard [Any major multi-racial is famous for it's innovative mercan classes and its capacities for import and exporting goods of all kinds from throughout the region. The craftspeople of Everskaard never re to traditional ways of fashioning god and instead inspire one another, wit their fervent work ethics and near constant invention, to recreate the ways that things get made. Rainbov an exemplar of these ideals. While their lineage is that of smiths, Rainbow abandoned metals and forges in favor of finding ways i which to weave together hides and woods to be just as sturdy and effective as irons and steels. She operates as a very unorthodox 'Smithy', heating woods and hids in alternate style forge to bend and sh and harden them into innovative, lig and durable armors and weapons.<
